Essential Functions and Responsibilities:

- Develops ideas, plans, and procedures for initiation, expansion, improvement, and evaluation of therapy programs.
- Completes initial evaluations and re-evaluations for patients in the program; examines the condition of patients and analyzes their needs; determines the need for an occupational therapy evaluation and selects and administers appropriate assessment tools to evaluate the patient.
- Prepares reports and attends multidisciplinary case meeting to decide and review the continuing treatment.
- Maintains clinical and administrative records in accordance with professional standards, state guidelines and agency system policy; adheres to federal and state regulation, and policies that affect occupational therapy practice.
- Participates in continuing education for professional development to ensure practice consistent with best practice and to meet Nevada Licensure requirements.
- Participates in bi-monthly staff meetings.
- Meet for weekly supervision with CF mentor
- Attends staff trainings.
- Case assignment will be dictated at the discretion of Capability Health's needs in the Early Intervention and outpatient clinic programs.
- Manages patients with different types of personalities.
- Interprets evaluation data and writes comprehensive reports that reflect strengths and barriers to client participation; directs program development; and guides evidence-based intervention.
- Uses professional Code of Ethics and standards of practice to guide ethical decision making in practice.
- Other duties and responsibilities as assigned.

Skills and Abilities:

- Excellent verbal, written, and interpersonal communication skills.
- Ability to work in an environment with individuals with severe disabilities who may be developmentally and behaviorally challenged.
